Lawyers (Baby we have 5 right now in counting)

Baby has repeatedly and consistently threatened in a multiple txts & phone calls to go to my landlord Richard Born our master landlord and disparage me as she tries to secure a deal with him to directly operate the nightclub with her friends/partners from the TAO group Noah Tapenberg & Richie Romero.

Furthermore, her reaching out to him will likely harm my land pleaseextension negotiations and my purchase of the land negotiations.

Exposing all the hair and nonsense concerning the "Entertainment Complex" will definitely definitely hurt my negotiations.

Can you alert Babies Lawyer that this will be treated seriously and harshly and she could be culpable and liable for any and all damages.

Thank you,
Ian S. Reisner
